AN ORDINANCE,

Entitled an Ordinance, to carry more fully into effect the plan and system of reducing to and keeping in a state of dry culture, the low lands around the City of Savannah, and to provide for the removal of such nuisances or cause of disease, which may affect the citizens thereof, or in any wise injure their health.

Whereas, the culture of rice upon the lands around the City of Savannah, which by contract are subject to dry culture is a violation of the true intent and meaning of the said contracts, and is prohibited by the Ordinances of the city, and is manifestly injurious to the health of the citizens;
and whereas, power is vested in the Mayor and Aldermen of the City of Savannah and the hamlets thereof, by act of the General Assembly to carry into full effect the system of dry culture, and to remove all nuisances or causes of disease which may effect the health of the citizens. And whereas, it is the right, and has become the duty of council to exert the powers thus conferred upon them: 

Sec. 1. Be it Ordained by the Mayor and Aldermen of the City of Savannah and the Hamlets thereof, in Council assembled, and it is hereby ordained by the authority of the same, That it shall be the duty of the Mayor, whenever he shall receive information that rice is planted or cultivated upon any of the lands around the city, subject to dry culture contracts, to serve a notice upon the owner, tenant or cultivator of the said land, or any person having the charge of the same, or his, her, or their agent, requiring the said person to desist from the said culture, and to destroy the said rice if growing, or to appear before council at a time and place in such notice to be specified, not exceeding ten days from the date thereof, to show cause if any they have, why the said growing rice should not be removed and destroyed as a nuisance.

Sec. 2. And be it further ordained, That if the said owner, tenant, cultivator, or other person shall not, upon the said notice, comply with the terms of the same, or shall fail to appear before council, or if having appeared, no sufficient cause should be shown why the said rice should not be removed, and its culture abandoned. That in such case the said Mayor and Aldermen may direct the City Marshal forthwith to remove the said rice, and to destroy the same effectually, wherever it may be planted or growing on the said dry culture contract.

Sec. 3. And be it further ordained, That the expense incurred by the city authorities in enforcing this Ordinance shall be assessed upon the owner of the land from which the nuisance shall be removed, and shall be collected by execution to be issued therefor, as in other cases of dues to the city.

Sec. 4. And be it further ordained, That nothing in this Ordinance shall be so construed as to prevent an action for, and recovery of damages for violation of the dry culture contracts between the owners of lands and the corporation of Savannah.

Sec. 5. Repealing clause.
Passed in Council 29th May, 1848.

H. K. BURROUGHS, Mayor.

Attest: A. C. Davenport, Clerk Council.

AN ORDINANCE,
To be entitled an Ordinance to carry more fully into effect the plan and system of reducing to and keeping in a state of dry culture, the low or swamp lands lying about the City of Savannah, and for removing nuisances and causes of disease.

Whereas, the City of Savannah has recently become the purchaser in fee simple of that tract of land called Spring­field, lying on the south-western border of the city, which purchase was made for the sole purpose of reducing to and keeping in a state of dry culture, the said tract of land which is low and swampy and has been in its wet state the cause of disease to the people of Savannah. And, whereas, it is the duty of the City Council to remove the said cause of disease, and to place the said tract of land in a dry and healthful state. And, whereas, the Legislature of the State have conferred upon the city government, ample power for the discharge of that duty. And whereas, it is essential to the dryness of the said lands and to the protection of the health of the citizens that the said tract of land should be perfectly drained in the natural course of the water to the extent of its drainage capacity and that the flow of the water through the said drains should not be impeded.
SEC. 1. Be it ordained by the Mayor and Aldermen of the City of Savannah and the Hamlets thereof, in Council assembled, and it is hereby ordained by the authority of the same, That it shall not be lawful for any person or body corporate by any embankment, dam or work to be erected, or which may have been heretofore erected across the natural channels of drainage of the said Springfield tract or any other tract, or in any other manner to impede the flow of water from the said tract through the drains which have been or may be constructed for the purpose of draining the said tract of land or through the natural channels and outlets thereof to the Savannah river. And it shall be the duty of all persons or bodies corporate who may have lawfully acquired a right of way over said tract, or may have constructed embankments or dams across the said tract, to cause sufficient culverts to be built under the same, so that the drainage of said lands shall not be impeded.

SEC. 2. And be it further ordained, That whenever information shall be given to the Mayor of any impediment to the drainage of said lands, having been caused by any person or body corporate, it shall be the duty of the said Mayor to summon such person or corporation, or his or their agent, to appear before council, and it shall be the duty of council to investigate the said charge, and to pass such order for the removal of the said impediment to the drainage of the said lands, or for the construction of proper culverts, as the nature or exigency of the case may require, and for the protection of the health of the inhabitants of Savannah.

SEC. 3. And be it further ordained, That when any person or body corporate shall impede the drainage of the tract of land aforesaid, or shall neglect or refuse, upon due notice, to remove their obstructions or to provide sufficient culverts through their embankments for the complete drainage of said lands, the expense of enforcing this Ordinance and of removing the said obstructions, and for providing sufficient culverts shall be collected from such person or body corporate by warrant of distress or by an action on the case for damages.
