

## Traffic Calming Committee (TCC)

October 20, 2016

### Minutes

---

The TCC held its regular meeting on Thursday, October 20, 2016 at 5:36 PM, 2203 Abercorn Street, Savannah, GA. 31401. Danielle Paul, chairperson presided. **Members in attendance:**

- Pastor Marsha Buford
- David L. Tanner
- Marsha Moore
- Brandon Moody
- Danielle Paul
- Virginia Mobley

#### **Members absent:**

- Pastor Betty Jones
- Katherine Williams

#### **City Staff present:**

- Robert Dickensheets
- Willie Mae Knight
- Michele Strickland

The committee received the following three (3) traffic calming applications (applications on file):

1. Alice Morgan requested that the 2300 block of E. 40<sup>th</sup> Street between Raskin and Herbed be considered for traffic calming due to speeding. Traffic Engineering (TE) has measured the street length and width (1,000 feet long) and determined that this request meets the basic criteria for moving forward. It was motioned by Danielle Paul and seconded by Brandon Moody that TE complete a needs assessment report and submit same to the committee. Motion carried.
2. Maria Gutierrez requested that the 500 to 100 blocks of Forrest Ave., Lawton Ave and Screven Ave. be considered for traffic calming due to speeding. After some discussion, it was determined that traffic calming should be implemented between Haile and Elgin. It was motioned by Danielle Paul and seconded by Brandon Moody that TE complete a needs assessment report and submit same to the committee. Motion carried.
3. Sandra Sumter, requested that Meding Street from Montgomery Street to Staley Ave be considered for traffic calming due to speeding. It was determined that the former City Manager (Stephanie Cutter) approved this requested for traffic calming and to include Gould Street. It was motioned by Danielle Paul and seconded by Brandon Moody that TE move forward with this request. Motion carried.

#### **Next Steps**
