

## Allstate BENEFITS

Protection for accidental  
injuries on- and off-the-job,  
24 hours a day

## Accident Insurance

Today, active lifestyles in or out of the home may result in bumps, bruises and sometimes breaks. Getting the right treatment can be vital to recovery, but it can also be expensive. And if an accident keeps you away from work during recovery, the financial worries can grow quickly.

Most major medical insurance plans only pay a portion of the bills. Our coverage can help pick up where other insurance leaves off and provide cash to help cover the expenses.

With Accident insurance from Allstate Benefits, you can gain the advantage of financial support, thanks to the cash benefits paid directly to you. You also gain the financial empowerment to seek the treatment needed to be on the mend.

### Here's How It Works

Our coverage pays you cash benefits that correspond with hospital and intensive care confinement. Your plan may also include coverage for a variety of occurrences, such as: dismemberment; dislocation or fracture; ambulance services; and more. The cash benefits can be used to help pay for deductibles, treatment, rent and more.

### Meeting Your Needs

- Guaranteed Issue, meaning no medical questions to answer
- Benefits are paid directly to you unless otherwise assigned
- Pays in addition to other insurance coverage
- Coverage also available for your dependents
- Premiums are affordable and can be conveniently payroll deducted
- Coverage may be continued; refer to your certificate for details

With Allstate Benefits, you can protect your finances against life's slips and falls.

# Meet Daniel & Sandy

Daniel and Sandy are like most active couples: they enjoy the outdoors and a great adventure. They have seen their share of bumps, bruises and breaks. Sandy knows an accidental injury could happen to either of them. Most importantly, she worries about how they will pay for it.

Here is what weighs heavily on her mind:

- Major medical will only pay a portion of the expenses associated with injury treatments
- They have copays they are responsible for until they meet their deductible
- If they miss work because of an injury, they must cover the bills, rent/mortgage, groceries and their child's education
- If they need to seek treatment not available locally, they will have to pay for it

Daniel's story of injury and treatment turned into a happy ending, because he had supplemental Accident Insurance to help with expenses.

## CHOOSE

Daniel and Sandy choose benefits to help protect their family if they suffer an accidental injury.

## USE

Daniel was playing a pick-up game of basketball with his friends when he went up for a jump-shot and, on his way back down, twisted his foot and ruptured his Achilles tendon.

Here's Daniel's treatment path:

- Taken by ambulance to the emergency room
- Examined by a doctor and X-rays were taken
- Underwent surgery to reattach the tendon
- Was visited by his doctor and released after a one-day stay in the hospital
- Had to immobilize his ankle for 6 weeks
- Was seen by the doctor during a follow-up visit and sent to physical therapy to strengthen his leg and improve his mobility

Daniel would go online after each of his treatments to file claims. The cash benefits were direct deposited into his bank account.

Daniel is back playing basketball and enjoying life.
