Savannah is a city rich in history. Savannah traces its roots to 1733 when British General James Oglethorpe first founded the city on a bluff above River Street. Savannah, known as "The Hostess City of the South", has one of the largest historic districts in the United States, with thousands of architecturally significant buildings under giant live oaks hung with Spanish moss. This aerial view shows the Savannah River, Hutchinson Island and the city.

Savannah, situated on the Savannah River, aptly called "The Southern City of Commerce, Sunshine and Beauty"; is famed as one of the country's most beautiful and historical cities. Savannah has ocean passenger and freight service, and merchant lines to all principal ports of the world. Its land locked harbor, 32 ft. in depth, is open to navigation the entire year.
