

Record Series #: 5100-021
Name: Savannah Fire and Emergency Services Bureau Records, Publications
Dates: 1942-2004, no date
Extent/Size: 1 records carton, 5 document cases, 1 oversize folder (3.25 cubic feet)

Scope and Content:

Record Series 5100-021, Savannah Fire and Emergency Services Bureau Records, Publications (1942-2004, no date), includes materials produced or published by the department for departmental and/or public distribution and use, as well as external publications maintained by the department for reference. The publications have been arranged according to type and then chronologically or alphabetically. Internal publications, including Informational Bulletins, brochures and flyers distributed to department employees on various topics, including safety, job opportunities, upcoming events, programs and projects, comes first. Next are annual reports and souvenir yearbooks prepared and distributed to the City and public. These have been catalogued according to the classification system established for the Savannah Area Local Government Documents Collection, since this collection already includes several years of these serial documents and is often the first place researchers and staff look for City documents. The third section includes documents published by regional Georgia fire departments and associations that were used by the Savannah Fire and Emergency Bureau for training or professional development, for instance local fire association conferences and State training publications. The fourth section includes fire training publications of national origin that were maintained for reference use.

Inventory:

Oversize Publications (in 5100, Oversize Folder 1)
Item 1 "Savannah Fire Department Vision Statement," circa 2001

Box 5100-021-1
