Dear Mrs. Roberts:

Following a conversation with you via telephone, I proceeded to obtain the information we both desired. The letter attached herewith from Ms. Beverly Jones Cox of the National Portrait Gallery, Smithsonian Institution is self explanatory.

We mentioned to you that although the Revolutionary Battle Park group is small; nevertheless, it should have Negroes involved. We hope you will move promptly and include Negro citizens. We are prepared to suggest several several good people to you, if you so desire.

Sincerely,

W. W. Law
